

Work

Owner/Designer

kev.studio (09/2022 → today)

Digital Designer

Absorb Software (02/2023 → 04/2025)

Member of in-house design team. Some highlights include: the brand refresh; website redesign; eBook series; CMS migration; product video updates; design jams with Product; 3d ‘Prism’ build; tutorials, demos, and sales calls to create design awareness; and direction of various cross-functional projects both internally and externally.

Senior Designer

Thackway McCord (08/2018 → 08/2022)

Complete branding projects from end-to-end specializing in logo, identity, and system design. Contribute strategic decisions for naming and implementation. Lead design direction for systems, implementation, ui/ux, interaction, web design, animation keyframes, and brand guidelines. Iterate on storyboards for logo animations. Build handover files for external developers. Manage back of Wordpress site, writing new PHP templates as needed.

Software Development Engineer II

Fiserv (06/2016 → 08/2017)

Design and program our modular reports through a mix of APL, Exstream, C#, and Postscript.. Move projects from waterfall to agile, while maintaing legacy codebases in APL and Postscript. Work with QA on bug fixes and new report designs. Develop and design the new Fiserv “demo” pack by translating Postscript functions into new design systems driven by C# and Exstream.

Early Career
